## CAMP PHILOSOPHY

Our goal is to provide instruction that will make a difference in your child's athletic development.

Each camper will participate in varied levels of instruction affording the camper the opportunity to realize her potential as a complete player.

Fundamentals and team play will be stressed. The coaches and staff will encourage campers to leave with a positive attitude toward being the best player they can be. The end result for them is to learn the skills necessary to improve while enjoying the great game of basketball.
